

South Dayton
SCHOOL OF DANCE

PINK SHOW

COSTUME CARE REMINDERS

- Please do not let your dancers play or eat in their costume prior to our recital on May 31st. This way your dancers costume will not get damaged or dirty.
- Please store your dancers costume (including all pieces) in a closet where it can hang freely. Please do not fold it or store it in a bag as this can severely wrinkle and damage the costume.
- If your dancers costume is wrinkly from shipping we recommend placing it in the bathroom while taking a hot shower and this will safely release the wrinkles. **DO NOT** place your child's costume in the dryer as it will melt all of the appliques and sparkles.
- Make sure to write your dancers name or initials on each costume piece to prevent any lost or switched items.

Thank you for helping us make sure your child looks their best on Recital Day!
