

# GENERAL RULES FOR DANCERS & PARENTS

- Dancers **MUST** arrive in the dressing room and be checked in by a parent by the designated arrival/call time and find the area for their class. We suggest planning to arrive 15 minutes prior to call time in case of traffic, forgotten items etc.
- Dancers must have full hair and makeup done when they arrive. There is not enough time or space for all dancers to do their hair and makeup at the theater. We also ask that they come dressed on their costume as much as possible.
- You must bring all pieces of your costume with you. Be advised; we will **NOT** have extra costumes, hairpieces, tights, shoes, etc. Dancers will not be permitted to perform without all correct garments and accessories.
- If your child has a hairpiece, make sure you check to confirm the side of the head it goes on. All hairpieces must be secured with at least 2 bobby pins.
- If your child is performing in more than one dance, you (the parent) can change your dancer or your child's demonstrator can assist if you prefer to remain in the theater.
- A dressing/holding room will be provided. We will also provide holding area supervisors for each class. Parents may not remain in the holding area during the show unless helping their dancers change.
- There is absolutely **NO** photography in the Dressing Room areas.
- A separate dressing/holding room will be provided for male dancers.
- Dancers may not leave the Dressing room area until they are checked out by a parent following the conclusion of the show. Dancers may not be checked out early.
- Dancers may not eat or drink anything other than water in costume.
- Dancers may not play in the hallway outside of the dressing rooms.
- Dancers and Parents must remain quiet and respectful due to the dressing rooms being so close to the stage area.
- Dancers and Parents will listen to all Dressing Room supervisors and faculty at all times.
- No messy toys or games allowed in the Dressing Rooms. No iPads or tablets.
- Don't forget to pack extra leotards, tights, bobby pins, hair nets, safety pins, & hair spray. Just in case!
