

RECITAL MAKEUP INFORMATION

Why does my dancer need makeup?

- The lights that we use on stage are very bright and harsh. If not accentuated with makeup, your dancers features will be washed out and they will not be recognizable. Wearing stage makeup is a part of dancing onstage and we want even our youngest dancers to learn the importance of these performance practices and standards.

The following makeup elements are required:

1. Brown eyeshadow **ONLY**
 2. Black eyeliner (on top lid that extends into a wing)
 - a. Eyeliner is optional for dancers under 7 years old.
 3. Black Mascara
 4. Bright Pink Blush
 5. Red Lipstick (no lip gloss)
 6. You may want to use foundation, contour, highlighter, etc. This is up to you however only the above items are mandatory.
- If you are new to performance makeup or need a refresher, please view the video tutorial.
 - We **HIGHLY** suggest that you test out your performance makeup routine prior to our Dress Rehearsal and Performance to ensure all goes smoothly
