PRE-PROFESSIONAL SUMMER INTENSIVE

2025

SDSD's Pre-Professional Summer Intensive offers aspiring dancers an immersive experience designed to unlock their full potential.

Over the course of four weeks, students immerse themselves in a pre-professional company environment, where they engage in full days of dance, guided by expert faculty and surrounded by a community of like-minded peers. The intensive's well-rounded curriculum enhances students' technical skills and broadens their knowledge with classes in various dance styles and subjects, fostering the versatility needed for today's dynamic dance industry.

Additionally, SDSD's Pre-Professional Summer Intensive places a strong emphasis on nurturing students as artists, providing them with the opportunity to work on challenging repertoire and receive personalized coaching from distinguished guest faculty, along with guidance from SDSD's leadership.
